REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record fails to disclose the claimed invention. Specifically, the closest prior art of record, Glasgow et al. (6,613,031), fails to disclose tabs extending from each of the first and second transverse end areas having a length of no greater than about 70 mm. The tab disclosed by Glasgow extending from the second transverse end area has a length of greater than 70 mm, and it would not be obvious to shorten the tab, since the purpose of the tab is to provide stability to the anterior portion of the article. Therefore, Glasgow neither anticipates nor fairly suggests the instant invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to C. Lynne Anderson whose telephone number is (571) 272-4932. The examiner can normally be reached on Monday through Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Larry Schwartz can be reached on (571) 272-4390. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
